

**FUNGICIDAL COMPOSITION COMPRISING A
PYRIDYLMETHYLBENZAMIDE DERIVATIVE
AND A SULFAMIDE DERIVATIVE**

ABSTRACT OF THE DISCLOSURE

A composition comprising at least a pyridylmethylbenzamide derivative of general formula (I) and N-dichlorofluoromethylthio-N',N'-dimethyl-N-p-tolylsulfamide; in an (a) / (b) weight ratio of from 0.01 to 10.

A composition further comprising an additional fungicidal compound.

A method for preventively or curatively combating the phytopathogenic fungi of crops by using this composition.
